

# **Services to Dental Practices**

# STRAIGHTFORWARD HIGH QUALITY ADVICE

Williams Giles has provided accountancy services to members of the dental profession for over 25 years which means that, along with your usual accountancy and taxation needs, we have the

experience to provide assistance in the following areas:

- Practice expansion
  - ◇ New principles or associates
  - ◇ New premises
  - ◇ Acquiring a practice
- Succession planning
  - ◇ Practice valuation
  - ◇ Selling your practice
  - ◇ Retirement planning
- Superannuation and pension premiums advice
- NHS contract advice
- Ensure maximum re-imburements are achieved
- Business structure advice and incorporation

Due to our familiarity with the industry, we can also provide practice health checks to ensure that systems are as efficient and effective as possible and also advise on any changes that would benefit the practice.

With our up-to-date, cutting-edge tax knowledge we ensure that you only ever pay what you must and never more than you need.

We offer a fixed fee policy which includes accounts, tax returns and all calls/emails/letters, so you know exactly what you are paying.
